- New group Company
- GAL Zentralkokerei Saar
- Set Linings is Committed to Grow

SET LININGS INTERNATIONAL has received the **SCC** certification (**VCA****) by **BUREAU VERITAS**.

This **SCC (Safety Certified Contractor)** standard addresses safety, health and environment and defines requirements for policy and organizational matters. It is a checklist drawn up by SSVV (an independent foundation dedicated to cooperation in the interests of safety) with the purpose to make sure that organizations ensure that proper attention is paid to HS&E.

The **SCC** system creates uniformity and transparency and increases safety awareness.

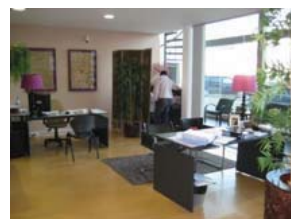

FROM THE GROUP MANAGEMENT

Congratulations for the 550.000 hours LTI free in 2007

you all for your support and commitment in achieving this. Good wishes of happiness in the coming year for all of you.

At **Set Linings** we promote a mutual commitment to one another's growth and well-being, pledging to work together towards success. Our culture is the way we live out that commitment every day, it is founded on respect, trust and in the belief that: People are our greatest resource, our culture is the key to our success and that the accomplishment from the past is rooted in our people. We congratulate all involved in achieving more than half million safe job hours. Thank

NEW GROUP COMPANY

We are proud to announce the establishment of another new company (**SET LININGS FRANCE**). The company was created on the 20th of December and will start its activities on the 2nd of January 2008.

GAL ZENTRALKOKEREI SAAR

SET LININGS INTERNATIONAL has been awarded by PAUL WURTH UMWELTECHNIK GmbH for the refractory Lining contract of 2 coke oven Batteries of the Steel Dillingen plant in Saarland-Germany. This contract with a value of twenty million Euros is one of the few mega contracts ever awarded to one single refractory company worldwide.

SET LININGS IS COMMITTED TO GROW

Set Linings as a mission to be a worldwide leader in the **refractory installations** market for all types of industries, to explore new opportunities that build revenue growth and sustainability using our core competencies to gain a leading market position.

In our first year we have performed 86 contracts in 22 different countries.

For the next 3 years **Set Linings** as already in Portfolio around Forty Five Million Euros in orders.
